

Quality Policy

Purpose:

The BGC Cement provides premium products and services to the building, construction and mining industry of Western Australia. To achieve this, BGC Cement guarantees its commitment to quality by ensuring full compliance with AS/NZS ISO 9001: 2016.

Approach:

BGC Cement strives to deliver a professional, efficient and quality based service by adhering to the following;

- To understand the needs and requirements of our customers in order to continually exceed expectations.
- To ensure all requirements are satisfied to maintain AS/NZS ISO 9001:2016.
- To consistently produce high quality cement products under stringent monitoring and testing procedures.
- To ensure that objectives for the quality management system are in context with the strategic direction of the company.
- To review and address risks and opportunities.
- To communicate the importance of the quality management system to all stake holders.
- To promote internal and external training and development.
- To continually improve our processes, systems, products and services.

BGC Cement is committed to pursuing industry best practice. Senior Management are accountable for developing, implementing, supporting and reviewing the above to ensure its continued success. This policy will be reviewed annually and revised as necessary.

Application:

This Policy applies to all BGC Cement operations, activities and services.

The management team are accountable to the implementation of this policy across all workers, contractors, visitors and suppliers.
